

The NACE Milano Italia Section, one of the largest sections of the European Area of the NACE International, is delighted to invite international companies and organizations to the 2nd NACE Conference & Expo 2018, "A European event for the Corrosion Prevention – From the industry to the industry".

The meeting will take place from May 27 to May 29, 2018 in Genoa, a historical port in northern Italy, renowned for its beautiful sights, European Capital of Culture in 2004, and birthplace of Cristoforo Colombo. The venue will be the "Magazzini del Cotone" (Cotton Warehouse) Conference Center, located inside the Old Port. The meeting rooms of the "Magazzini del Cotone" are a unique location for conferences organized in the center of Genoa, within its Old Port area renovated in 1992 by Renzo Piano. The halls of the "Magazzini del Cotone" overlook the Gulf of Genoa and the most touristic area of the city, and enables you to enjoy the view of historical buildings of the city and of its evocative fortifications.

In the wake of the success of the 1st edition, this 2nd NACE Conference & Expo will offer an exciting scientific program covering all aspects of corrosion in the industry, which we expect will attract several hundreds of scientists, technologists, and end-users of the field.

More than 150 abstracts have been submitted to the Conference on topics ranging from Oil & Gas Pipeline and Upstream Corrosion to Protective Coatings, from Cathodic Protection to Corrosion of Weldments, from Failure Analysis to Inhibitors..

Short courses, as well as social and cultural events will be available for delegates and their guests.

For companies and organizations interested in showcasing their own products at the Exhibition that will accompany the Conference, the Organizing Committee has developed an attractive portfolio of sponsoring packages, whose list is updated on the Conference website on a regular basis. Already 45 booths have been confirmed so far!

Join NACE Conference & Expo 2018 and take part in the planned events across the two days. Follow us on <http://www.naceitalia.it/GENOA2018>. We take this occasion to thank you in advance for your important contribution to the success of our Conference.

For any further information you may need, please visit our conference website or contact us to genoa2018@naceitalia.it.
